# *Start of A Dream*

**I**t started with a dream ..... a glorious vision to create an ambience conducive to create learning. An innovative direction towards providing Global education with its feet firmly grounded in the Indian soil. A humble endeavour to touch the grandest heights of excellence in Education. A school with a difference!

A school that became a trendsetter in radical and progressive education, the quality of facilities and its gamut of opportunities.

Established in 2011, Paras Public School, Greater Noida West is the dream of Paras Group Chairman / Director Mr. B.S. Nagar. & Mr. Yograj Nagar. They aimed to immortalize the school & to provide the students with the sound education unheard of before. His innovative mission reached the pinnacle of success due to the detailed execution of plans.

# *From The Director's Desk*

**W**elcome to the Paras Public School, where we enhance the learning skills and knowledge. As you move on to the new school, let us be resilient, understanding and bear positive minds.

The project of our organization is skill development are highly appreciable and being appreciated by various honorable personality of India.

Thus our institution have been taking necessary steps to improve quality of education, standard of teaching, method of examination, development of skill vocational programs etc. and various schemes and project are launched to achieve all those.

Paras is one of the leading and most sought senior secondary schools in Noida imparting quality education at an affordable cost. Our vision is to “Educate, Enlighten, and Empower “has been tested over the last many years, and has proved to be effective and successful time and again accepted and appreciated by the community.

“Success come to those who work hard and stay with those, who don't rest on the laurels of the past” We live today in a World that is very different from the one we grew up in, the one we were educated in. The world today in changing at such an acceleration rate and we as educators need to pause and reflect rate and we as education. Our schools well equipped to prepare our children to face the challenges that the future holds. Questions such as these are factors that motivate us to go through a continuous process of reflection and hence we at Paras school implementing a well- balanced Curriculum to ensure that the Children who walk into the portals of our schools will not just love their school years but truly be prepared to face life challenges

“Educating the mind without educating the heart is no education at all.” Even or we impact education to match the advancement in technology and globalization, we march our children ahead with moral values and principles.

I congratulate the entire editorial team for their hard work and dedication that has resulted in the publication of the issue of the school magazine

**Mr. Dharam Singh**  
**(Director)**

**“ It is better to be a man of value than a man of success”**

# *Principal's Message*

**P**aras Public School provides the atmosphere for study and creativity. At PPS we pledge to make every effort to take the student on a voyage of self discovering and of learning. Teacher's at PPS will not only be a source of wisdom and knowledge, but will also be role models and mention They are trained to help students combine their scholastic achievements with the life skills essential for success.

The aim of the school is to develop among its public all round abilities as individuals as well as team players, by exposing them to diverse fields of many activities.

According to academic analyses, the youth of future generation are going to be more prone to violence and deviant behavior. This deteriorating trend is a matter of great concern to parents as well as teachers.

Learning is not a process limited to schools and colleges only, nor does it end with the conclusion of one's school career. It is indeed a lifelong process. This school is oriented to the total information of a child and to adaptations of various methods suiting the dynamics of changing world in order to achieve common goals& objectives. It is further characterised by shared vision- responsibility and above all, love and faith in God in order to achieve their goals.

All the people of fine character live by their values. Character creates self-respect , which in turn leads to high self esteem . Maturity is reflected in all aspects of character the decisions we make , the friends we choose and the responsibilities we accept. Always remember to uphold the dignity people. Be always ready to give preference to other. What you are is God's gift to you. What you become is your gift to god. Have something to live for Bring out the best in you.

**Dr. Sreejata Datta**

**(Principal)**

**“The greatest happiness is to transform your feelings to action”**

**“With warm wishes and God's blessings”**

# *Experiential Learning*

Quality education is an essential requisite in today's competitive environment. The classroom is a place that is constantly trying to be improved for the betterment of students`. Technology advancement and application is an inevitable element that has found application in almost all fields of the economy. Smart classroom is an advent of technology utilized in learning institutions. It entails the use of an instructor station that is composed of a computer and some audiovisual facility that allows the instructor/teacher to make learning easier through the utilization of a variety of media. Enhanced learning is made possible by the media especially the visual effects that help the student to get a clear picture of what is being taught. It may include use of power point presentations, DVDs as well as VHS playback in an effort to make learning an enjoyable and easy process. Smart classrooms have been successful due to the availability of aspects of interactive communication and collaboration instruments such as chat rooms, electronic forums like teleconferencing, and e-mail applications among others.

# *Atal Tinkering Labs (ATL)*

**A**TL is a work place that enable young mind to shape their ideas hands on do it yourself mode. Where young children are offered opportunities to work with tools and equipments to understands the concept of STEM (Science, Technology, Engineering and Maths). It is empower youth with the 21st Century skills of Creativity, Innovation, Critical Thinking, Design Thinking, Social and Cross Cultural Collaboration, Ethical Leadership etc. To help Build innovative solutions for India's unique problems, thereby supporting the nation's efforts to grow as a knowledge economy.

# *Science & Technology*

**Technology is an expanded concept that deals with a 'species usage' and knowledge of tools and crafts, The human race's use of technology began with the conversion of plentiful natural resources into simple tools. We provide our students a systematic enterprise the builds and organizes knowledge in the form of explanations and prediction about nature and the universe.**

**We provide 'Technology', collection of techniques and processes used in the production of goods or services. It includes methods, systems and devices which are the result of scientific knowledge being used for practical purposes.**

# *Library (Learning to Know)*

**The superbly well stocked library houses a vast collection of books, digital sources, resources and services on a wide range of topics. The endeavour is on inculcating the reading habits in children, giving a free rein to their imaginative mind comfortable and conducive ambience.**

**Library is the response to need of the times expanding the horizon of all leaving beyond limits.**

# ***Internet Labs***

**There is Campus-wide broadband e-connectivity with Wi-fi for anywhere anytime computer learning. All students have supervised internet access. They will be familiar with the software packages used in modern business applications such as Word-Processing, Spreadsheets, Databases and Power Point Presentation.**

**There is a Hi-Tech e-library where students have access to online encyclopedia and reference materials in addition to a wide gamut of books and magazines.**

# *Transport*

**P**arasians get safe and reliable buses transportation with GPS tracker. The students in school buses are accompanied by well trained attendants / escorts to ensure their safety. The vehicles are extended to all the societies and colonies in nearby vicinity

# *Unique Parental Program*

**P**aras believes that happiness is the key to success for each child. Without the involvement of parents school can't teach to remain happy and contented in their life.

# *Safety and Security*

**S**afety in Schools is necessary to support the academic success of each child, giving them the opportunity to learn and achieve in a safe and nurturing environment.

Keeping schools safe allows children to look forward to being in an encouraging environment that promotes social & creative learning.

# Health & Hygiene

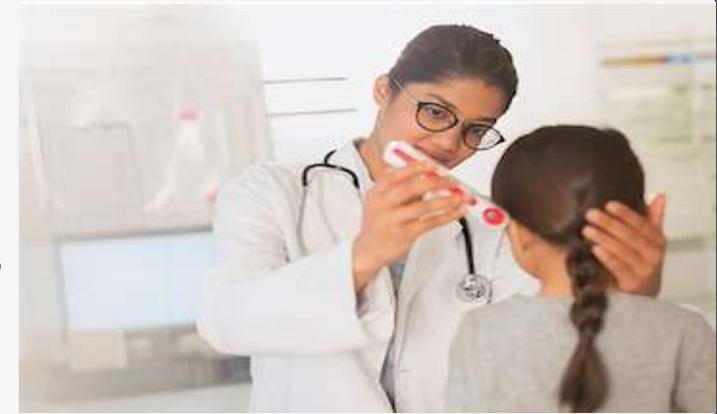

**O**ur school provides basic hygiene guidelines where good hygiene habits can be taught to students at an early age. Good Hygiene is a key part of quality living. In day to day life settings, hygiene practices are employed as preventive measures for preservation of health and healthy living. R.O. water is served for drinking through a large number of water dispensers placed at convenient location all over the campus.

# *Medical Counseling Facilities*

**We have  
an airy,  
well ventilated,  
well kept room  
with beds and**

**basic medical facilities. Well trained staff is always  
present to help the students in pain and distress  
during the school time. The clinic can handle  
situations by providing immediate relief in the  
form of first aid. Apart from this it also conduct  
regular medical check up of the students and  
maintain health cards.**

# Expressing Self through performance

Cultural activities come into play in installing various social skills in the students... Encouraging students to participate in cultural activities in the most effective way to inculcate personality related skills. These include activities like dancing, singing, Painting, sports etc.

Where student's stage fear vanish, better academic performance, good understanding of time managements Learned new skills, sense of responsibility, increase self-confidence & stage exposure.

# *Educational Trips*

**Our Field trips enrich and expand the curriculum, strengthen observation skills by immersing children into strong activities, increase children's knowledge in a particular subject area and expand children's awareness of their own. And everyone you speak with has a field trip memory. Authentic learning opportunities for students. An annual excursion is organized for students for every academic session. Further, the school organizes the planned visits to various places to enrich the students and to take learning beyond the four walls of the classroom. These trips also extend a much a needed break from the hectic daily schedule and an opportunity for the facilitators and clearness to bond with each other.**

# *Sports*

**S**ports and games are means of mental and physical growth. During sports we come to learn many things. We learn how to maintain mental balance in the midst of hopes and despair. Sports develop a sense of friendliness. Either study or work alone makes us exhausted. We remain no longer efficient to do any work. Sports remove our mental exhaustion. The sports are part of academic curriculum.
